

Unique play attractions for schools and public places throughout the UK

# CASE STUDY

## ELTHORNE PARK HIGH SCHOOL

Location: London  
Budget: £25,000  
Installed: October 2020

Three colourful outdoor learning spaces with a simple bespoke pattern were created for the students of Elthorne Park to be used at break times. The bespoke leaf pattern was designed for the school with an autumnal colour theme and orange, red and yellow tones.

Each outdoor classroom has a curved roof with a decked base and benches, perfect for an outdoor teaching setting or a social space for children to encourage their social development skills and imagination. The colourful leaf pattern casts shadows onto the decked base below, ideal for bringing colour and light into your playground all year round.
