

Unique play attractions for schools and public places throughout the UK

## CASE STUDY

# GROVELANDS SCHOOL

Location: East Sussex  
Budget: £40,000  
Installed: May 2023

We were very excited when Grovelands School contacted us in early 2022 wanting a natural playscapes installation. Being so close to our design office and workshop in Uckfield the whole team came to see the completed installation!

Grovelands headteacher Jon was eager to challenge his pupils and make use of a prime grassy area outside the front of the school grounds - our proposal featuring a tall hexagonal platform with raised robinias, a network of scramble beams, net, stilts and steep ramp exceeded expectations.

Our classic Lookout Lodge den looks right at home tucked within the trees, with fixed benches this is the perfect spot for the children to sit, chat and play. We're hopeful to complete more projects with Grovelands in the coming years!
