

Unique play attractions for schools and public places throughout the UK

CASE STUDY

HERBERT THOMPSON PRIMARY SCHOOL

Location: Cardiff
Budget: £40,000
Installed: April 2021

Herbert Thompson Primary School were looking to bring some colour and creativity to their playground, so they got in touch with us with canopies and outdoor classrooms in mind!

We designed two canopies for them - one for their year 1 area and one for their nursery area, both with different patterns, colours and styles to distinguish between the areas. We designed a forest themed canopy with mostly green colours and also a rainbow themed canopy, both of which cast beautiful shadows on the surfacing below.

The outdoor classroom we installed has decorative robinia sides and a rainbow canopy roof which provides a creative learning environment for the children.

The school were creating a memorial garden for one of their pupils called Crystals Garden, we donated a colourful panel to be added to the porch within the garden.
